

Simplified Food Stamp Program for TANF Households

States may use TANF or FSP rules, or a combination of both, to create Simplified Food Stamp Programs for TANF households. With FNS approval, States can design Simplified Programs to include households where not all members must be TANF recipients.

Currently 6 States are operating limited or “mini” Simplified Programs, which means program rules have been altered from the regular FSP in the area of work requirements only. In such programs, the value of the TANF benefit and the food stamp allotment are combined to determine a work obligation satisfying the requirements of both programs.
